Jaguar XE

This new Jaguar comes brimming with technology, ultra-efficient engines and sharp-suited aesthetics.

Inside, there are slabs of wood, leather and brushed aluminium, bringing the XE level with other business sized premium saloons.

There is plenty of capacity for adults up front, and legroom in the rear equals

what you get in German rivals. And with 455-litres of boot space you'll easily get the family's luggage in at weekends.

The Jaguar has accomplished an amazing balance between ride comfort and handling prowess. Where competitors like the BMW 3 Series sits on the dynamics side of the fence and the Mercedes-Benz C-Class prefers luxury, the XE achieves both.
